

BURNED AT THE STAKE CHAINED TO AN IRON POST

**Brutal Young Negro, Murderer of a Little White Girl,
Is Put to Death By a Mob at Limon,
Colorado Last Night.**

FATHER OF DEAD CHILD APPLIES TORCH

**Wretched Victim Suffers Awful Tortures As the
Seething Flames Wrap Themselves Around His
Body—Prays God in Shrieking Tones For Mercy.**

Limon, Colo., Nov. 17.—On the exact spot where ten days ago Louise Frost, 11 years of age, was assaulted and murdered, Preston Porter, her negro murderer, was last evening chained to a railroad rail and burned to death by neighbors of the little girl. The father of the little victim directed the cremation and applied the torch.

Porter was removed from Denver in answer to a warrant from Lincoln county which the local district attorney said could not be ignored. The governor was appealed to, but he was out of town, as a matter of convenience, some people say, but in reality to try to prevail upon the district attorney of Lincoln to consent to the prisoner remaining in Denver until the great excitement should be allayed.

Handed Over to the Sheriff.
A warrant was sworn out during the night and served at the Arapahoe county jail the first thing yesterday. The prisoner was driven to Magnolia, a country station thirteen miles from Denver, and there committed to the care of Sheriff Freeman. He arrived at Limon at 4 o'clock. A mob was waiting. No delay ensued, for the vigilants broke their way through the coach with the prisoner and dashed him to the ground at the door of the little station. Limon is not a large place, and the entire force did not exceed 100 men, but all were armed with Winchester to attest their sincerity.

Porter realized his fate and begged and swore at his captors, who silently dragged him to a wagon. He was hurried to the scene of Louise Frost's death. A railroad rail had been planted in the ground. Porter was thrown against this fireproof staff and lashed with chains. He begged piteously for his life, praying to his Maker and indulging in all forms of appeals, but they did not soften the hearts of the avengers. Broken scolding was piled against the body of the wretched

negro and then the crowd drew back.

Avenge His Child.
Old man Frost made his way to the front, and with feeble and nervous hands applied a kerosene torch to the brush that formed the groundwork of the pyre. The smoke curled upward. The fire seized the clothing of the victim. It ate into his flesh, and as the tongues of flame penetrated the negro cried out in his agony, "Oh, God, my God, men, let me go! Wait," the desperate wretch shrieked, "I've something more to tell. Please give me one more minute. You don't know all."

The torturers stood silently by during the raving. Then one of the ranchers cursed the dying man and spoke for five minutes to say that the end should be a lesson to all ravers and negroes in the county, who would be treated the same way unless they changed their place of residence. The rope holding the head dropped on the chest of the dying man. He raised himself once more, and with the death rattle in his throat, screamed at his persecutors: "Oh, God have mercy on these men, on the little girl and her father." These were the last words. The body pitched forward to the limit of the chains, the limbs relaxed and death showed mercy, where humanity had no heart.

The entire scene consumed one hour, and when the crowd dispersed there was nothing left but a few charred bones on the desolate prairie, and a little bunch of ashes that the wind had already begun to scatter to the four corners of the universe.

Governor Will Not Discuss It.
Denver, Colo., Nov. 17.—When asked his opinion regarding the burning of the negro murderer, Preston Porter, at Limon tonight, Gov. Thomas declined to make any statement whatever. Early in the week in an interview the governor was quoted as saying that he had nothing to do with the matter.

GOV. SCOFIELD TO MEET LA FOLLETTE

**Will Be Present at the Inauguration
and Turn Over Office to His
Successor.**

Milwaukee, Nov. 17.—A story published here this afternoon to the effect that Governor Scofield would not take part in the inaugural ceremonies on January 6, when Governor La Follette will take his seat is positively denied. The story created a surprise as it is well known that Governor Scofield does not hold the friendliest feelings for Mr. La Follette.

Colonel Dan B. Starkey, the governor's private secretary, today expressed considerable indignation over the story as one entirely misrepresenting the Governor's position. Said Colonel Starkey: "Governor Scofield will certainly take part in the inaugural ceremonies, and will be present to welcome Governor La Follette when he takes his seat. It is not to be expected that the governor will gush to any great extent over his successor, but he will do all that he believes that the dignity of his position demands. He has had no intention of dodging the inaugural ceremonies at any time, and stories such as those printed do him a great injustice."

FRANCE JUST AS FRIENDLY AS EVER

Paris, Nov. 17.—Minister of Foreign Affairs Delcasse has given assurances that he does not believe an American got the plans for the new French field gun. He expressed the hope that General Porter will remain ambassador to France. The incident, he says has not affected the friendly relations of France and the United States.

Senator Davis Unchanged.
St. Paul, Nov. 17.—Senator Davis condition is unchanged this morning except for increased drowsiness, temperature is normal and pulse stronger. He passed a restless night.

R. W. WILCOX WILL GO TO CONGRESS

**Native Vote Elects the Independent
Royalist Candidate as Dele-
gate to U. S. Congress.**

Honolulu, Nov. 9 (via San Francisco, Nov. 17).—Robert W. Wilcox the independent royalist candidate, has been elected Hawaiian delegate to congress by a small majority over Samuel Parker, the republican candidate. His strong vote among the natives in the outside districts carried the day against the whites and the intelligent native voters of the cities.

Republicans carried Honolulu and the island of Oahu for Samuel Parker by 219 plurality, the democratic candidate, Prince David Kawanakoa receiving only about one-third as many votes as Parker. It is reported that ex-Queen Liliuokalani secretly threw her influence to Wilcox.

The independent native party has carried the house by a large majority. It is likely that congress will be asked to establish some limitations upon the voting privilege. Many of the whites want a property qualification.

SIX KILLED IN A WRECK.

**Result of a Collision on Lake Shore
Road Near Oil City, Pa.**

Oil City, Pa., Nov. 17.—A head-end collision between a Pennsylvania extra freight train and the regular Lake Shore passenger train occurred two miles west of Polk shortly before 8 o'clock. Both engines were demolished, all of the passenger coaches left the tracks and forty oil and coal cars of the freight were derailed. The dead: Thomas Sutton, baggageman, of Ashtabula. John Kane, head brakeman of the freight, New Castle. Engineer Pitzer of the freight, New Castle. Two men passengers. Newsboy on passenger train. Conductor James Faden of this city is hurt internally. Engineer Nathan Senter's legs and left hip were broken, and William Marvin of Andover, O., suffered a fracture of the left arm.

A BIG CATTLE COMBINE.

**John D. Rockefeller in a New Venture—
Not a Trust.**

New York, Nov. 17.—The Times prints the following: "George B. Loving of Fort Worth, Texas, is in the city for the purpose of forming a cattle combination, and it has been reported that John D. Rockefeller is to be interested in the company. When Mr. Loving was seen at the Waldorf-Astoria he said that the company which he was trying to form was not a trust in any sense of the word. He said that he was in New York last spring on the same mission which brings him here this time and that he had expected to form the company at that time."

"Mr. Loving said the company would not attempt to control prices at all, but that it was the intention of those who are promoting the company to purchase 5,500,000 acres of land in Texas and New Mexico, for the purpose of going into the cattle raising business on a large scale. It was his intention at first to form a company with a capital of \$50,000,000, but he found that it would not be practicable and he has now decided that the new company will be capitalized at about \$12,000,000."

WISCONSIN WON THE GAME FROM CHICAGO

Chicago, Nov. 17.—At the end of the first half the score stood 6 to 5 in favor of Wisconsin.

At the beginning of the second half Wisconsin made a touchdown. Score, 12 to 5.

Near the finish the score stood 35 to 5; no doubt about the Badgers winning. Chicago, Nov. 17.—The Wisconsin football team arrived at noon. All the players, with the exception of Driver and Schreiber, are in the pink of condition. Over 1,000 students and rooters, and the University band and army with many songs, accompanied the team.

The men are confident of victory and expect to reverse the score of last year. Coach King, as usual, made no predictions beyond expecting that his team would win.

HILL IN THE FIGHT AGAINST CROKER

**Former Senator Will Lead the Struggle
to Overthrow the Tam.
many Boss.**

New York, Nov. 17.—David B. Hill came to the city today, and it is learned that he has decided to lead the fight for the overthrow of Croker in the city and state. The ex-senator will visit New York City again next week in order to hold a conference with democratic leaders who are opposed to the Croker-Murphy movement. There is a movement afoot to form an organization composed of up-state democrats and independent city democrats to attempt to wrest control of the city from the Croker-Murphy faction.

The up-state democracy through Hill assure the city faction no attempt will be made to interfere with home rule in this city. The up-state men agree to confine their influence strictly to matters in which they are locally concerned, although they will back up in the legislature their friends in New York City.

WILL NOT REDUCE POWER OF SOUTH

**PRESIDENT, IT IS SAID, WILL
OPPOSE THE PLAN.**

Washington, D. C., Nov. 17.—The opinion is growing among public men who are in confidence of the president that he will oppose any movement looking to a reduction of the congressional representation of the southern states on account of the disfranchisement of colored voters. The president is said to be opposed to reviving ill feeling, which he thinks would be the result of a bill thus touching the South's suffrage.

He has been told from many sources recently that an important element of the southern business men, manufacturers and others is at heart with the republicans and that the nucleus of a future revolution against existing political methods in the south has been securely established and should not be dissipated by legislation that would be regarded as sectional.

On account of the president's attitude there is growing opinion that legislation looking to the reduction of the southern representation will not be pressed by party leaders in congress. In this connection it is suggested that any action taken with reference to the suffrage of the south in advance of the adoption of a definite policy in the Philippines might throw some embarrassment in the way of the proper disposition of the citizenship rights of the Filipinos and moreover it is felt that the government has as much as it can deal with now without getting into a contention over domestic affairs.

BISHOP POTTER SCORES POLICE

**Demands That Mayor Van
Wyck Take Steps to
Suppress Vice.**

GOTHAM IS STIRRED UP

**The Great City is Startled by
the Bluntness of Preach-
er's Appeal.**

THE MAYOR MEETS DEMAND

New York, Nov. 17.—Bishop Henry C. Potter of the Episcopal diocese of New York today sent a letter promising some time ago to Mayor Van Wyck in reference to vice in this city and especially on the East Side. The bishop's letter is bound to form the principal subject of discussion in public places as well as in private homes for some time to come.

Insulted Two Clergymen.

Bishop Potter goes on to tell how when two clergymen called at the police stations of the different precincts to complain of the notorious condition of affairs one of them was told by a police captain that he lied; and that when disheartened by such an experience the clergyman carried his complaint to a higher authority in the police he was met with insolent derision. The bishop goes on to say: "Is a Task for Angels."

"I am not, I beg to say unmindful of the fact that the existence of vice in a great city is, practically an inevitable condition of the life of such a community. I am not demanding that vice shall be stamped out by the police or any other civil authority. This is a task which would demand for its achievement a race of angels and not of men. But I approach you, sir, to protest with all my power against a condition of things in which vice is not only tolerated but shielded and encouraged by those whose sworn duty it is to repress and discourage it, and, in the name of unsullied youth and innocence of young girls and their mothers who, though living under conditions often of privation and the hard struggle for a livelihood have in them every instinct of virtue and purity that are the ornaments of any so-called gentleman in the land."

A Persistent Menace.

"And before God and in the face of the citizens of New York, I protest, as my people have charged me to do, against the habitual, insult, the persistent menace, the unutterably defiling contacts, to which day by day because of the base complicity of the police of New York with the lowest forms of vice and crime they are subject."

"And in the name of these little ones, these weak and defenseless ones, Christian and Hebrew alike of many races and tongues but of homes in which God is feared and his law revered and virtue and decency honored and exemplified, I call upon you, sir, to save these people who are in a very real way committed to your charge from a living hell, defiling, deadly, damning, to which the criminal supineness of the constituted authorities set for the defence of decency and good order threatens to doom them."

Mayor Van Wyck's Answer.

Mayor Van Wyck's letter to the district attorney requests him to co-operate with Bishop Potter and the police department in the movement. In a letter to the board of police commissioners the mayor encloses a copy of the bishop's letter and directs the commissioners at once to conduct a searching investigation into the conduct of the two police officials whom the bishop says insulted the clergymen. He also directs them to do away with the conditions complained of on the East Side. The mayor's closing paragraph is:

"I wish it distinctly understood that to this end I shall use to the utmost limit all the power vested in me and that I shall hold to personal responsibility those who fail to exert themselves in like manner."

WRECK AT BELOIT RAILWAY DEPOT

**Freight Train Slipped Upon a Passen-
ger Train Standing at the Station
—Several are Hurt.**

Beloit, Wis., Nov. 17.—The St. Paul passenger station was the scene of a wreck this morning at 5:27. Mr. Menzie's passenger train for Milwaukee was at the depot when a freight train came down the track and both came together.

Mr. Perry Langley the engineer on the freight train was slightly injured and was taken to the home of his mother-in-law, Mrs. Campbell. When the passenger crew discover-

ed the freight train approaching they notified the passengers and they all left the coaches. The passenger train was thrown back 500 feet when the two engines collided.

Mr. Ed. Woods of Milwaukee, one of the bridge crew, was slightly hurt. The wrecking crew from Janesville came down to clean things up. The freight train crew offer the excuse of slippery tracks and that the air breaks refused to work as a cause of the wreck.

WORKMEN RAZE DEWEY ARCH.

**Begin Work in New York at Midnight—
Relic-Hunters There.**

New York, Nov. 17.—Twelve men with pick-axes, crowbars and shovels appeared at Madison square at midnight to begin the work of removing the Dewey arch. In a few minutes the laborers pulled away the heavy coating of staff around the base of the pedestal on the park side near Twenty-fifth street. A crowd collected.

Relic-hunters by the score appeared and each sought to obtain some section of the sculptured figure of "Victory," which ornamented the front of all the columns. The skeleton of the column was laid bare in a few minutes.

IOWA KEEPS UP A STEADY GROWTH

**POPULATION IS NOW 2,231,853. A
GAIN OF 16.07 PER CENT.**

**Census Bureau Also Issues the Totals
for Louisiana Showing Gains—
Hawaiian Islands Appear for First
Time in United States Census Fig-
ures—Residents Number 154,001.**

Washington, D. C., Nov. 17.—Iowa's population showed a much larger increase for the decade ending with 1900 than during the previous ten years. The population now is 2,231,853, as against 1,911,896 in 1890, an increase of 319,957 or 16.07 per cent. Iowa has made remarkable strides in the growth of its population, the largest numerical gain being in 1870. In 1860 the population increased by 482,699, and in 1880 430,595. In 1890 the remarkable growth continued, but for the decade just ended there was better showing, the increase being 319,957. The largest percentage of growth was in 1850, when it amounted to 345.85, with a numerical gain of 149,102; and in 1860, 251.13 per cent the numerical gain being 482,699.

The population of Iowa is almost fifty times as large as it was in 1840. The total land surface of Iowa is approximately 55,475 square miles, the average number of persons to the mile in 1900 being 40.33 while in 1890 it was 34.46.

Louisiana Breaks Records.

Louisiana broke all records in the growth of its population during the decade just ended. It is now 1,381,625, against 1,118,587 in 1890, an increase of 263,038, or 23.05 per cent.

The decade ending with 1880 showed the next largest increase the number being 213,031, and the third largest gain was in 1860 when it was 109,240. The largest gain in percentage was during the decade ending with 1820, when it was 99.75 the numerical increase being 76,367. The next largest gain in percentage was in 1840 when it reached 63.35, and the smallest was in 1870, when the growth was but 2.67 per cent.

Hawaii Makes Good Progress.

According to the official census returns the population of Hawaii has increased considerably during the last four years. The population of the islands now is 154,001, as against 109,020 in 1896 an increase of 44,981, or 41.2 per cent.

The total land surface of the Hawaiian islands is approximately 6,449 square miles, the average number of persons to the mile at the last three censuses being as follows: 1890, 13.9; 1896, 16.9; 1900, 23.8.

The population of Honolulu in 1866 was 13,521 as compared with a population in 1900 of 39,306, or an increase of practically three-fold in the thirty-four years. The largest percentage of increase during any one period was 45.1 from 1878 to 1884.

BRITISH SUCCESS AT KERKSDORP

London, Nov. 17.—Roberts reports that Barton has occupied Klerksdorp in the Transvaal capturing eight prisoners and many sheep and cattle. Sniping continues everywhere. It is reported from Cape Town that Kitchener has decided to depopulate the towns in the Transvaal owing to the difficulty in dealing with the enemy when hampered by a civilian population. This is a modification of the reconcentration policy of General Weyer. Lourenco Marques, Nov. 17.—The authorities are forbidden to display the Transvaal flag on Portuguese territory. Portugal no longer recognizes it.

T. J. Ziegler of Chicago is in the city for a few days renewing acquaintances and attending to business matters connected with his store.

POISON RUMOR IS LAUGHED AT

**Belief in Washington That
the Czar Only Has
Typhoid.**

THE STORY WAS A FAKE

**Sent Out by London Papers
to Cast Slur on Rus-
sian Civilization.**

HIS RECOVERY MAY BE SLOW

Washington, D. C., Nov. 17.—The reports circulated throughout the civilized world, hinting poison as the cause of the illness of the czar of Russia, are laughed to scorn here. At the Russian embassy it is said that, according to the latest advices, the czar is suffering from typhoid fever, and his recovery must necessarily be slow, owing to the lingering nature of the disease. The wild rumors about poison are ridiculed as the threadbare methods of London correspondents to cast slurs on the civilization of Russia.

Sensational Rumor of Poison.

The most sensational of all the many rumors is supposed to have originated in London. There is absolutely no confirmation of the rumor, however. The official bulletins of the patient's condition, especially those relating to his pulse and temperature, it is pointed out, bear not the remotest suggestion of poisoning.

Vatican Hears of Poison.

London, Nov. 17.—The rumor of poison in connection with the czar's illness is backed by a London Daily News special from Rome, which says: "According to private cipher telegrams received at the Vatican the rumored illness of the czar is not due to natural causes, but is the result of an attempt to poison both him and the czarina, the latter, fortunately, remaining almost untouched. All efforts, the report says, are

NICHOLAS OF RUSSIA.
(Called Nicholas the Great.)

being made to keep the affair absolutely a secret, in order that the police may more successfully investigate what is thought to be an extensive plot."

CZARINA ALIX.

Progress of Czar's Illness.
St. Petersburg, Nov. 17.—A satisfactory idea of the czar's illness is still unobtainable. The patient is holding his own, he passed a comfortable night and his general condition is satisfactory. Nothing more is said this morning of the poisoning theory.

GRIGGS TO RETIRE.

**Announces He Will Quit the Cabinet
on March 4.**

Washington, Nov. 17.—At the cabinet meeting today Atty.-Gen. Griggs made the formal announcement that on the fourth of March next he would retire from the cabinet. Mr. Griggs will leave the president's official family for purely business reasons.

Mrs. M. D. Taylor, 52 Pease Court is entertaining Miss Jennie Milner, who was formerly a teacher in the public schools of this city.

GREAT VARIETY OF PIE TO DISTRIBUTE

STATE OFFICES LA FOLLETTE
HAS AT HIS DISPOSAL.

Something Over 100 Places Are Directly at His Command—The Best Places, However, Are Subject to the Confirmation of the State Senate—Lively Times at Madison.

Madison, Wis., Nov. 17.—Mr. LaFollette having been elected governor the great variety of pie to which allusion has been made will soon be available for disposal. Something over 100 pieces are directly at the disposal of the executive, and many others by mere suggestion to the regular appointing power, as for instance, to heads of commissions, boards, departments, etc. As appointments of importance, such as regents, on the tax commission and board of control, have to be confirmed by the senate, all such as have been made in the past two years will fall if Governor LaFollette will merely fail to message them up to the house of lords. There are many of these. But here are a few score good places plainly in sight.

In Governor's Office.
In the office of governor there is the private and military secretary, who now draw \$2,800, and executive clerk at \$1,800 and a stenographer at \$900. It is generally conceded that A. T. Rogers, who is a 'varsity man, a law graduate and who really has been Mr. LaFollette's private secretary for some time, will continue this confidential relation to which the not unwelcome \$2,800 of emolument is attached. Mr. Rogers has practiced law in Mr. LaFollette's office for several years.

Bureau of labor statistics—Commissioner, \$2,000; deputy commissioner, \$1,500; clerk, \$1,300; six factory inspectors at \$1,000 and necessary traveling expenses; a clerk and stenographer at \$720; a clerk and janitor at \$744.

Dairy and food commission—Commissioner, \$2,500; deputy, \$1,600; chemist, \$1,800; stenographer, \$900. H. C. Adams will not be troubled as commissioner unless something better is available.

Bryant To Be Adj't-General.
Adjutant general, \$2,000; assistant, \$1,400; clerk and stenographer, \$1,200; bookkeeper, \$840; pension clerk, \$1,380; volunteer service clerk, \$200. (The position of adjutant general has already by common consent been allotted to General George E. Bryant, who has fought Bob's battles ever since he brought out the future governor for congress many years ago.)

Quartermaster general, \$1,000; assistant, \$1,400; clerk, \$1,200.
Superintendent of public property, \$2,000; deputy, \$1,500; chief clerk, \$1,400; chief engineer, \$1,200. Besides these, there are some 60 appointments which include the assistant engineers, carpenters, shipping clerk, janitors in the various departments, policemen, laborers and scrub women. The janitors in the various departments of the capitol are all appointed by the superintendent of public property and get \$2 per month; the policemen the same; the laborers \$55 per month; except foreman, who receives \$75 per month. The head carpenter receives \$1,000 per year and his first assistant \$900. The first assistant engineer receives \$90 per month, the second assistant \$80.

Fish and Game Wardens.
State fish and game warden, \$1,800 and traveling expenses. Now held by James T. Ellarson of Wautoma. Five regular deputies salary and per diem fixed by the regular warden.

State draughtsman at \$1,200.
Board of control—Richard E. Petterick's term expires in April, 1901, and George W. Bishop in January, 1902. Salary, \$2,000.

University regents—Five vacancies occur in February, 1901; Wm. F. Vilas of Madison, Ogden H. Fethers of Janesville, J. E. Morgan of Spring Green, Orlando E. Clark of Appleton, C. A. Galloway of Fond du Lac.
Normal school regents—F. A. Ross of West Superior retires in February 1901.

Supervising oil inspector, Dr. H. B. Tanner of Kaukauna retires in April 1902, but he is an ardent LaFollette man and is exempt from danger.

His Real Trouble Begins.

Besides all of these places new ones

are constantly opening. Judges of all the courts from municipal to supreme are liable to die or resign; the same is true of county officials there are teachers and helpers of manifold character in the many state institutions over whose appointment the governor may exercise much control; there are places ever opening on the state board of health on the state board of pharmacy of dentistry, of arbitration; there are lumber inspectors, a state veterinarian, some oil inspectors; four members of the state board of agriculture are to be named annually and this is mere suggestion of joy (and tribulation) in store for the new governor and the multitude who will demand favors of him. As the very apogee of his political good fortune Mr. LaFollette's real troubles begin.

Pleaded Guilty to Murder.
Lebanon, Ill., Nov. 17.—For the murder of Sheriff Herman Barnickol of this county a year ago John Baxter has been given an indeterminate sentence in the Southern Illinois penitentiary at Chester. Baxter pleaded guilty.

Wages Cut in Colorado.
Florence, Col., Nov. 17.—The local ore reduction mills have announced a cut in the wages of laborers and carpenters and an increase in the number of working hours. The wages of laborers who now receive \$2.25 and \$2.50 for eight hours' work are reduced to \$1.75 and \$1.55 for ten hours, and carpenters' wages from \$3 to \$2.50, with an increase from eight to ten hours. Labor circles are much excited over the matter.

STATE NEWS IN BRIEF.

Ashland—J. H. Kane was mistaken for a deer by a hunter yesterday and was shot twice in the thigh. His cries for help kept the hunter from continuing to fire. The wounded man lives in Ino and is a section foreman for the northern Pacific railroad. The woods is full of hunters here and it is not safe for anyone to be in their path.
Prentice—Oscar Johnson, son of John Johnson of Brantwood, fell under the wheels of a moving freight car. One of his legs was so badly mangled that amputation at the knee was necessary.

Negaunee, Mich.—Two more cases of smallpox were located in this city yesterday. The victims are John Gorman, a saloon-keeper, and Elijah Roberts, son of Capt. Roberts of the Regent mines. The people here are much alarmed over the discovery.

Madison—A large American eagle was captured by two boys, who secured the bird in a poultry coop.
Appleton—Fox River valley courts, C. O. F., will organize Sunday with a side rank union. The membership will be 300.

FOR GOOD ROADS AND WIDE TIRES

NATIONAL GOOD ROADS CON-
VENTION IN CHICAGO.

Believed To Be the Most Practical and Important Industrial Convention Ever Called In America—Outline of the Work During the Three Days' Session.

The national good roads and improvement convention will meet at Central Music hall, Chicago, Monday, November 19, at 10 o'clock a. m. Sessions will be held Monday, Tuesday and Wednesday. The work of the convention will be completed and adjournment follow Wednesday afternoon. The national irrigation congress will convene in the same hall upon adjournment of the roads convention.

There are about 3,500,000 miles of public roads in the United States, many states having more than 100,000 miles.

The average cost of macadamizing a road, eight inches deep and twelve feet wide, is \$2,000 per mile. The average cost to properly grade and roll a dirt road of the same dimensions is \$500 a mile. It takes only about three months of any year for the narrow tires now in general use to ruin any kind of a road the ingenuity of man can build.

When laws are passed compelling the use of wide tires for the protection of the roads both in the city and country the good roads problem will soon be solved. It is important that these roads should be built, but it is quite as important that the knife blade tires which now chop up the country roads and cut the asphalt streets of cities should be abolished.

This can be done only by proper legislation.

Since the automobiles have come into use the subject of good roads has many advocates in the cities who, a few years ago, made sport of the proposition or ignored it altogether.

If the city voters are so largely in favor of this improvement the country voters need only to make a move in the direction to have the work under way. All the organizations in Janesville and vicinity that have an interest in this subject, and almost every organization, of whatever nature, has such an interest, as well as the highway commissioners should be represented in the coming convention in Chicago.

One of the chief duties of the coming convention will be to effect national organization that will extend education and secure more uniform legislation throughout the country. To equalize the ratio of delegates from the farms and cities, the basis of representation will be one delegate to every 2,000 or fraction thereof of population.

All road associations, League of American Wheelmen, commercial organizations, agricultural colleges, mayors of cities, governors of state and railroad corporations, are earnestly invited to send delegates. One fare, plus \$2, on the certificate plan, for the round trip to all delegates, has been granted by the Western, Central and Southern passenger associations. These concessions apply to all states and territories and part of Canada. Large delegations are coming from the Pacific and Atlantic coasts.

It is therefore expected that those living in the great valley states will join in making this the most practical industrial convention ever called in this country. Men and women of national reputation, representing educational institutions, railroads, the government and Dominion of Canada, will be present.

Catarrh

The cause exists in the blood, in what causes inflammation of the mucous membrane.

It is therefore impossible to cure the disease by local applications.

It is positively dangerous to neglect it, because it always affects the stomach and deranges the general health, and is likely to develop into consumption.

Many have been radically and permanently cured by Hood's Sarsaparilla. It cleanses the blood and has a peculiar alterative and tonic effect. R. Long, California Junction, Iowa, writes: "I had catarrh three years, lost my appetite and could not sleep. My head pained me and I felt bad all over. I took Hood's Sarsaparilla and now have a good appetite, sleep well, and have no symptoms of catarrh."

THE PROBLEM.

DOROTHY in the nursery can calculate the price of Ivory Soap per cake, but it would take a mathematical genius to calculate its true value. For he must take account of time, labor, and materials. He must deduct from the apparent cost the saving in the longer life of the cake, in the longer life of the washed fabric, in the labor required, in the time consumed, in the strength expended, in the results obtained. When all is finished, Ivory is the cheapest soap in the world. It floats.

THE MOTHER IN THE HOME.

In every home, worthy of the name, is a subtle influence that the father recognizes long before the children are old enough to appreciate it, and if he studies the wife with the same loving solicitude that won her to his side as a companion back in the days of her girlhood, he is impressed with the thought that with maternity has come development of character, and evidences of loving solicitude that were only faintly outlined before. With the baby has come the mother instinct and the mother love, adding wealth to the heart and new and strange experiences to the life.

The home that has been a holiday before, takes on a more serious aspect, and new responsibilities call for new sacrifices and a new adjustment of life to accommodate the new member of the household. The butterfly existence of the honeymoon period has passed, and the reality of life has dawned, but with the dawning has come a sweet consciousness of what the word home implies, and so the party gown is laid aside for the nursery wrap, and the life that was so gay and thoughtless before, is turned into another channel, where another life with little helpless hands, and a smile or a tear is pleading for love and recognition.

Does she turn away with a frown and wish the little stranger had never invaded the home? Not if she is worthy the name of wife and mother.

To these first experiences that come to the young mother like a revelation from another world are added increased cares and responsibilities. As the years go by and as the little flock increases, the mother heart expands and takes the members all in, with a love and solicitude that knows no partiality, or shadow of weakness.

With maternity comes maturity, and the giddy young wife at twenty becomes the matronly home-keeper at thirty, fulfilling a destiny that is the crowning glory of womanhood.

Society loses attraction to a greater or less extent, and the home takes an absorbing interest. The children have passed the age of babyhood, and in short dresses and knickerbockers are chasing through childhood, keeping the mother busy, and calling out every faculty she possesses.

The years go on and the child of yesterday becomes the youth of tomorrow, but the mother heart keeps pace with the procession and comradeship develops.

The boy or girl discover in the mother something more than a cook or seamstress. She takes them into her confidence and tells them of her hopes and ambitions for their future. She holds them with a steady loving hand, to their work, awakens dormant energies, and in a thousand ways contributes to their development in these all-important years. Are they discouraged? She draws on her imagination, and paints a glowing picture, filling them with new hope and lofty ambition. Are they wayward? She counsels with them wisely, and with loving forgiveness, strengthens every good resolution, and inspires new courage for the battle.

They stand on the threshold of young man and womanhood looking down the long avenues that stretch out invitingly into active life and as they turn to say goodbye to the mother, who for twenty years has been to them "like a great rock in a weary land," they discover for the first time the imprint on the kindly face, and that the cheeks, once plump and rosy, are a little sunken, with here and there a wrinkle faintly outlined. But the voice is just as cheery, the kiss just as sweet, and the hand clasp just as strong, when she says, "Goodbye my boy, my girl, I would like to have kept you in the old home always, but life is your battlefield, and you may win if you will. Goodbye, God bless you."

Does the mother's love stop here where responsibility ceases? Go back in ten years at Christmas time to a family reunion in the old home. See the face light up with the old time smile. Listen to the voice with the old time cadence. Clasp your arms about her, and feel the throbbing of the same loving heart, and be assured that a mother's love has followed you closely through all the years of your absence. She is intensely interested in your welfare, and full of sympathy in all your discouragements.

Next to the love of God, which to many people is intangible, because they do not know him is the love of a mother, which is always real.

Visit her in the shadow of life, when with bowed form and wrinkled face and white hair, she sits in the old

rocking chair in the chimney corner, patiently waiting. Speak to her about John and Mary and the grand-children, and you will find that the heart of a mother never grows old.

"The mother in the home" is not always appreciated in this busy, rushing age, where the home is frequently a convenience and not a home.

It sometimes happens that the mother is never appreciated by the children until she is gone, and when that is the case regret is found to be a sorry substitute for the love that might have been bestowed.

The boy or girl who takes time to become acquainted with their mother, will soon learn that she is the best friend they ever had, and that her love is as enduring as life itself.

THE SOLDIERS' MONUMENT.

The board of supervisors at a recent session, appointed a committee to confer with the G. A. R. concerning a monument soon to be erected in memory of the dead heroes of the civil war. This action is in compliance of expression by popular vote at the late election, and it is gratifying to know that a sense of appreciation is so general throughout the county.

The monument will mean more than a granite shaft costing \$10,000. It will mean more than satisfaction to the living heroes, comrades of the men whose lives it commemorates, because it will stand long after this honored contingency will have joined the silent ranks. It means more than an ornament that may be pointed to with pride and satisfaction in the years to come.

It means an object lesson for our children and children's children yet unborn, who will read the history of the dark days of the nation's peril, and with uncovered head and reverent voice will say: "This shaft is dedicated to the sacred memory of the men whose lives were good enough to be offered as a sacrifice for the nation's life."

It means a tribute to patriotism and love of country, so pure in motive that it honors the generation that produced it.

All honor to the sentiment that said by ballot, "Yes, Rock county wants a soldiers' monument."

Mrs. Stanford of San Francisco possesses good horse sense. She objects to having the Leland Stanford University turned into a school of heresies and un-American doctrines as propounded by President Jordan of that institution. The proper place for Mr. Jordan and men of his peculiar faith is over in Nebraska with Bryan and E. Benjamin Andrews. It is about time that the colleges and universities of the land had a weeding out, there is altogether too much nonsense taught on questions that are of vital import to the welfare of the nation.

The much discussed question of "good roads" is likely to solve itself. With the advent of rural mail delivery has come an imperative demand for good highways, and the farmer is fully awake to the situation. Work will take the place of agitation, and work is always effective.

Mr. Bryan is so besieged by ten and twenty thousand dollar offers that he hardly knows what to do next. The latest is in the theatrical line. Mr. Bryan is a star actor, but an opera house stage would be a little cramped after playing out in the open air so long.

The city of Chicago is overrun with thugs of all kinds, and the mayor's police force is altogether too small to cope with them. With a bankrupt treasury life in the Windy City just now is anything but a holiday.

It will be time enough to elect a speaker for the house when the legislature assembles. There is an abundance of good material and there is no question but that the state will be well served.

SOCK SOCIAL AT BAPTIST CHURCH

The sock social at the Baptist church parlors last evening was attended by about one hundred of the young people of the church. The evening's festivities were opened by a literary and musical program. Miss Ida Stoddard favored the audience with a piano solo. Miss Edna Murdock gave a reading and a piano duet was given by Misses Birdie Stevens and Mattie Snyder. Miss Mae Felton closed the program with a reading.

After the literary program was finished those present were divided into two classes one led by J. T. Fitchett and the other by Miss Stoddard. The leaders had a long list of conundrums and the answers were written on slips of paper and distributed to the members of the opposing classes. The conundrums were read by the leaders and the one thinking he had the right answer read it from the slip.

If it was correct the one reading it scored five points for his side. When the game was finished it was found that Miss Stoddard's side had won by a score of 250 to 195 for Fitchett. The socks brought in netted \$15.

Every Claim is Backed by Local Testimony.

If the reader wants anything stronger than opinions and experiences of his neighbors, what can it be?

Mr. L. Lawrence, of 408 S. Franklin St., engineer at the Janesville Electric Light Co., says:

"Seven years ago I injured my back by falling through a bridge near Atton, into the Rock river. I was on a traction engine, its weight broke through, and the whole thing went into the stream. Since that time my back has ached by spells, so I came very severely. If I caught cold I settled in my kidneys and if I brought a strain on my back lifting, the result was a bad backache and sharp twinges of pain in my loins. I procured Doan's Kidney Pills and after I used them I was free from backache. I am in better health than at any time since falling through the bridge."

Think of the Coal Being Burned

during the cold snap! Thousands of tons! We are supplying a large share of it. Why? Because so many people have learned by actual experience that our coal is carefully hand screened, weighed correctly and delivered promptly.

Economy Nut

is used in more ranges and cook stoves than any other kind we sell. It is a coarse nut coal—makes no clinker—little ash—hot, steady fire—lasts long time. Economy Nut is pleasing very many particular people. It is in truth ECONOMICAL.

Our Guaranty

Economy Nut Coal will probably suit YOU. If it does not we will take it back and replace with any other kind or refund your money.

and all that this implies is exemplified in our cloak department—for of all the complete displays that have made this department famous the showing now here is the best—more coats—and more styles that are up-to-date than any stock in the state exhibits. For ladies we show the nobby short coats, the 26-inch coats, the 40 inch coats—and the prices we make represent a saving of at least one-third. Every day is a special day and to look elsewhere is but to more firmly convince you that the Cloak business of this section centers at this store.

Golf Capes.

Golf Capes? Only a name. They bounded into favor on the crest of that wave of healthful exercise. Hence the name. But worn more extensively as street and evening overgarments now. A striking assortment of these deservedly popular wraps is here to greet you—\$5 to \$15.

For Children's Coats.

The little girls can be just as stylish as their mothers if their coats are bought here. We have a line of girls' and misses' jackets made in the latest styles, of good materials, excellently tailored. The prices are surprisingly low, quality considered.

Some Recent Real Estate Deals Involving Many Thousand Dollars, and Which Mean Much to the Manufacturing Interests of the City of Janesville.

A real estate deal involving many thousand dollars and meaning much more to the manufacturing interests of the city than appears on the surface has been made in the last few days.

North Main street property seems to be in demand. Spencer Phelps and J. P. Wright have both disposed of their property in block 36 of the original plot of the city being lots seven and eight located on the easterly side of North Main street just north of Prospect avenue. The lots were purchased by Edward Inman of this city who will hold them as an investment. Lot No. 5 in Block 35 belonging to the Myers estate is also as good as sold. This property is also on North Main street just south of Prospect avenue. L. H. Towne of Edgerton has had an option on the lot for some time and will close the deal as soon as a deed is given him by the Myers estate.

It is thought by many that these transfers mean much more to Janesville than appears on the face of the deal. It is a well known fact that several parties interested in the purchase of leaf tobacco that now have large warehouses in Edgerton are desirous of having warehouses in this city if a suitable location with side tracks can be secured. The lots lately purchased on North Main street will make ideal warehouse property the C. M. & St. P. R. R. already having side tracks within a few rods of the lots and by having the property at that point owned by parties interested in getting warehouses located on it all opposition to the extension of the track from where it now ends to the proposed buildings would be removed. Many people think that eventually North Main street will be built up with tobacco warehouses and factories.

The manufacturing interests in that part of the city have been steadily increasing for some time and bid fair to become the business part of the city for such interests.

GOOD PROGRAM BY MURPHY LEAGUE

The second annual entertainment of the Francis Murphy League attracted a small audience to the Y. M. C. A. auditorium last evening. An excellent program had been prepared and it was heartily enjoyed by those present. The weather last evening and the opposition at the Opera House had much to do with reducing the size of the audience. Captain Piny Norcross presided and made a few remarks on the work of the League.

The entertainment was opened with a selection by the Bower City Male quartet, consisting of Messrs. Crawford, Carey Van Pool and Foley, which was liberally applauded. Mrs. J. B. Day gave a recitation that gave universal satisfaction. She was followed by J. C. Howarth who gave a vocal solo. E. E. Van Pool gave a harmonica solo and was obliged to respond to an encore.

A letter from E. H. Pence to J. H. Jones was read. Mr. Pence said that he was sorry not to be able to attend the meeting and expressed much interest in the work of the league. Mrs. Learned sang a solo that captivated her hearers. She was loudly applauded and responded with another selection.

Mrs. J. B. Day recited the Kitchen Clock and for an encore gave the Parson's Fee.

The exercises closed with a harmonica solo by Mr. Van Pool and a vocal solo by Howarth and a selection by the male quartet.

MISS ANNIE CLEMENT DEAD.

Passed Away at Sumter, Ore., Nov. 15, After a Short Illness.

Word has been received of the death of Miss Annie Clement which occurred at Sumter, Oregon, on the 15th of October, after a short illness. Miss Clement was the youngest daughter of Mrs. Mary Clement of this city and was also a sister of Mrs. C. W. Daly, of 167 Terrace street. She was about thirty years of age and has made her home in the West for a number of years. The shock of the sad news has completely prostrated Mrs. Clement and there is grave doubt as to her recovery. She is 76 years of age and has been in ill health for a number of years. Arrangements are being made to bring the body of Miss Clement to this city for burial.

MAY BUILD SHOPS IN SPRING BROOK

RUMORS AFLOAT AS TO PURPOSE OF ST. PAUL ROAD.

Indications are That Including a New Depot That Company Will Add Other Improvements in Janesville—Location of New Depot is Still in Doubt.

The work of track laying on the new Janesville & Southeastern railroad has been postponed indefinitely and the crews and workmen have been laid off.

The continued cold weather interfered very much with the work of laying the rails and ballasting the track. The gravel used to ballast the track could not be handled so that any time could be saved by continuing the work. In all probability further work will be postponed until next spring when the weather is such that more could be accomplished in completing the line than could be done in all winter under the present condition of things.

The rock cut near Emerald Grove is not yet near finished and the work of laying the rails would have stopped at that point until it was completed which will not be for some time.

The work in the cut will be continued during the winter and will be all ready for the rails when the spring opens up.

The stopping of the work at this time was a great disappointment to the officials of the road as it was expected by them up to a week ago that through trains would be run over the line by the middle of December.

The sudden cold snap has changed all of their plans and it was decided that time and money could be saved by waiting for settled weather.

The building of this new line has put a great many stories into circulation some of them may come true and others may not have any foundation. It is reported that the company will build extensive shops in Spring Brook the coming summer that will employ a large number of men and add greatly to the population of the city.

Another story is that the road would make a one way rate of two dollars between this city and Chicago.

The location of the new depot to be built by the St. Paul company is also a matter of much speculation. People have it located in all parts of the town. The sale of property on North Main street has set many people to talking, but people who claim to know say that the new station will be located about where the present freight depot is located or in that vicinity. It is well known that the rapidly increasing business of the company and the new line coming into town has made a number of changes necessary. But what they will be and where they will be located is a matter of much speculation.

AN APPEAL TO THROW

OPEN YOUR HOMES

Local Y. M. C. A. Asks Accommodations for State Convention Delegates Here Next Week.

The 26th annual state convention of the Y. M. C. A. will be a credit to our city.

All the prospects, point to the largest delegation of choice business men and young men from the principal cities and towns of our state of any previous gathering. Five international men from Chicago and New York City will be present. Madison University will send fifty men, Beloit thirty or forty and Ripon, Appleton, Beaver Dam, Waukesha and Whitewater societies will be represented by several delegates.

The Chicago Training school for physical directors have sent in eleven names. The fine program and men of large experience who appear on the program will bring together some of our choice professional and business men throughout the state.

An appeal comes from the local association for all citizens who will volunteer to entertain two or more of these young men. The first session opens at two thirty on Thursday afternoon.

A large number will come on Friday night and Saturday for over Sunday. This is a grand opportunity for Janesville to throw open her homes to a safe, helpful and choice class of men for two or three days.

The convention closes on Sunday night and every citizen is urged to this opportunity for the good name of Janesville.

Josephine Chezzenschka.

Josephine Chezzenschka, an inmate of the almshouse of Rock county, died yesterday at that institution. She was fifty years of age and leaves a husband and one daughter who reside on Ruger avenue, east of this city to mourn her taking away. The funeral was held this afternoon at 2 o'clock from St. Mary's church the Rev. Father Goebel officiating. The interment was in Mount Olivet cemetery.

None Such Circle Club.

The None Such social club held their first meeting of the season at the home of Mr. and Mrs. F. P. Starr, 252 Court street last evening. The evening was pleasantly spent in playing cinch. Mr. James Earle won the first prize and Mrs. Thurston Mason the consolation prize. Refreshments were served after the card playing was finished.

Miss Edith Echlin entertained a party of young ladies last evening at the home of her parents Mr. and Mrs. J. C. Echlin in the honor of Miss Ada Brandt who is soon to leave for Ames, Iowa, where she has accepted a position in the Upper Iowa university.

The ladies of the Presbyterian church will hold their annual sale of useful and fancy articles on Friday, Dec. 7, in the church parlors.

G. E. Griffin, formerly rate clerk for the C. M. & St. P. R. R., with offices in the old Colony building in Chicago, was yesterday promoted to the position of assistant general passenger agent of the system in place of F. A. Merrill, who has been promoted to the position lately held by Geo. H. Heaford.

Honor to Noblest Ambition.

I honor that man whose ambition it is, not to win laurels in the state or the army, not to be a jurist or a naturalist, not to be a poet or a commander, but to be a master of living well, and to administer the offices of master or servant, of husband, father and friend.

LATE TELEGRAPHIC NEWS..

LIFE SENTENCE FOR TUAN.

Chinese Prince Degraded by an Imperial Edict.

SAME SENTENCE FOR CHWANG.

Minister Wu at Washington Recd. Official Notice That Nine of the Nobles and Princes of China Are to Be Severely Punished.

Washington, D. C., Nov. 17.—Minister Wu has received from Director-General Sheng the following telegram, which he communicated to Secretary Hay:

"An imperial decree of Nov. 13, deprives Prince Tuan and Prince Chwang of their ranks and offices and orders them to be imprisoned for life; Prince Yih and Secondary Prince Ying to be imprisoned; Secondary Prince Lien to be deprived of his rank; Duke Lan and Ying Nien to be degraded in rank; Kang Yi being dead, no penalty can be imposed upon him, and Chao Shu Chiao to be degraded, but retained in office, and Yu Hsien, to be exiled to the farthest boundary."

Tuan's Sea Losses a Throne. London, Nov. 17.—A news agency dispatch from Shanghai referring to the alleged new imperial edict (depriving Princes Tuan and Chwang of all rank and offices and handing them over to the Imperial Court for close confinement pending further punishment), says the punishment of Prince Tuan means that his son, the heir apparent, can never be emperor. The edict also makes the early opening of formal peace negotiations probable.

Gives Up to Russia. London, Nov. 17.—Unconfirmed statements emanate from Paris and Odessa that a secret treaty has been concluded between Russia and China for the Russian occupation of Manchuria. From Hankow comes a report that General Tung Fu Hsiang is still at Sian Fu, protecting the empress dowager; that Prince Tuan has fled to Kan Su, and that the whereabouts of Yu Hsien, governor of Shan-Si, is unknown. It is said that Prince Ching will be sent to Germany to apologize for the murder of Baron von Ketteler.

FIGHT WITH CONVICTS.

Three Men Overpowered Guards—One Is Killed. Leavenworth, Kan., Nov. 17.—A

In The Summer

Of life a woman may find herself fading and failing. She doesn't understand it. She goes to doctors, who treat her for this or that, but she gets no better. She grows frail and pale. She can just "drag about the house," but has no pleasure in life. Many such women have taken advantage of Dr. Pierce's offer of free consultation by letter, and have been restored by Dr. Pierce's treatment to perfect health. There is no more wonderful medicine for women than Dr. Pierce's Favorite Prescription. Its action upon the woman's organs is at once apparent in the decrease of pain and the increase of strength. It cures female weakness and such diseases as take away the strength and beauty of women. Sick women are invited to consult Dr. Pierce by letter free. All correspondence private. Address Dr. R. V. Pierce, Buffalo, N. Y.

"Before I commenced to use your medicine I was in a bad condition (for eight years) and four doctors treated me," writes Mrs. Bettie Askew, of Garysburg, Northampton Co., N. C. "They, of course, gave me at the time some relief, but it did not last long. I was some days in my bed and some days I dragged about the house. I have used five bottles of Dr. Pierce's Favorite Prescription and five of the 'Golden Medical Discovery,' and four vials of the 'Pellies.' Now I feel like a new woman, and I want the world to know it."

The action of the "Favorite Prescription" is assisted by the use of "Pleasant Pellets" when the bowels are irregular.

REPAIRING OF MEN'S CLOTHES. That last winter suit can be made to look like new. We repair, clean and press in a way that will surprise the owner. Let us clean your suit and your friends will have hard work to distinguish your suit from a new one. Our prices are most reasonable.

STARTLING STORY AT PARIS.

American Ambassador Reported to Have Left France for Certain Reasons.

Paris, Nov. 17.—The following extraordinary statement is given prominence in the evening paper La Presse: "A personage who claims to be thoroughly acquainted with what is going on behind the scenes in the matter of the divulgence of the secrets of the latest French field gun to the United States makes the following statement: 'This affair is connected with the sudden departure for Gibraltar of an officer of the United States navy, who was employed in the foreign section of the exhibition after having fulfilled his functions as naval attaché at the embassy. The field gun incident was also the cause of the sudden handing over of the affairs of the embassy to the first secretary by Gen. Horace Porter and his departure for Spain.'

Reaper Kills a Convict. Boston, Mass., Nov. 17.—John Johnson, a colored convict in the South Boston house of correction, was shot dead in his cell by Overseer Henry W. Deane.

MURDERED BY INDIANS.

Redskins Believed to Be Apaches Attack a Settlement.

El Paso, Tex., Nov. 17.—Official reports received from Casas Grandes, Mexico, 170 miles southwest of El Paso, say a band of Apache Indians attacked the American mormon colony of Pacheco at dusk last evening, and that the redskins were repulsed with difficulty after a hard fight. Twelve Indians were killed and several mormons were killed or wounded. The report came to the mayor of Juarez, Mexico, from the mayor of Casas Grandes. It was supplemented by a request for troops to drive the Indians out of the bordering mountains toward which they fled after attacking the settlement. The mayor of Juarez forwarded the message to President Diaz and the governor of Chihuahua and troops and Mexican rurales will be ordered out at once.

Chile to Be Represented. Santiago, Chile, Nov. 17 (via Galveston, Tex.).—Congress has voted an appropriation of \$500,000 to defray the expenses of the representation of Chile at the exposition to be held in Buffalo, N. Y., next year. The Chilean government will be well represented.

War on the Loan Sharks.

Chicago, Nov. 17.—Following the initiative of a large hardware firm other firms in this city are creating a loan fund for needy employees, thus obviating the necessity of borrowing money from the "sharks." Patronizing the loan agents will be considered provocation for dismissal.

Pretors Death to School.

Columbus, Ind., Nov. 17.—Because his mother insisted that he should attend school, Gene Stanfield, 16 years old, committed suicide here today with a shotgun. He was an inveterate cigarette and pipe fiend.

Adolph Pichler, Poet, Dead. Vienna, Nov. 17.—Adolph Pichler, the famous Tyrolean poet, died at Innsbruck. He was 82 years old. In addition to his literary distinction Pichler enjoyed a great reputation for military achievements, having been in the campaign against the Italians in Tyrol in 1848. For his services at that time he received a number of decorations and a patent of nobility.

Fishing Tug Sinks. Bayfield, Wis., Nov. 17.—The fishing tug T. H. Camp, owned by A. Booth & Co., sunk in midchannel off the west coast of Madeline Island. The crew was rescued by a sailboat. The tug was loaded with camp supplies for W. T. Gardner & Co., who are logging on Madeline Island. She was valued at \$4,000.

Population of Iowa and Louisiana. Washington, Nov. 17.—The population of the state of Iowa, as officially announced, is 2,231,853, against 1,911,896 in 1890. This is an increase since 1890 of 319,957, or 16.7 per cent. The population of the state of Louisiana is 1,381,625, as against 1,115,587 in 1890. This is an increase of 266,038, or 23.5 per cent.

Plead Innocence at Paterson. New York, Nov. 17.—McAllister, Campbell, Death and Kerr, accused of causing the death of Jennie Bosschier in Paterson, N. J., last month, by administering a drug, were arraigned before Judge Dixon in Paterson today. The prisoners all pleaded not guilty. The trial was set for Jan. 14.

Millions for Ruined City. Houston, Tex., Nov. 17.—Captain C. S. Riche, U. S. A., left Galveston today for New York with the complete plans and estimates of work which, if favorably acted upon by congress, will mean the expenditure of \$3,500,000 at Galveston by the federal government.

GEN. HORACE PORTER.

"The former naval attaché in question, who was born of British parents, and devoted above all to the embassy in the Faubourg Saint Honore, acted almost openly as spy for several powers."

"The person who gave us this information makes a still graver statement, which we publish under all reserve. He says: 'Gen. Horace Porter has been himself indirectly affected by the incident in question. His departure, which is given out as temporary, is really final, and he will be replaced in Paris by Mr. John Leishman, United States minister to Bern, a diplomatist of the highest character, whose independence vis-a-vis with the English embassy can be counted upon for maintenance of good relations between the French republic and the United States.'

The naval officer referred to in the foregoing dispatch can be no other than Lieut. William S. Sims, who was assigned to special duty at the Paris exposition.

Woman Killed by Her Cow. Valparaiso, Ind., Nov. 17.—This morning Mrs. Margaret Johnson, near Chesterton, started into a pasture to milk a Jersey cow, when she was attacked by the animal, receiving injuries which proved fatal. Mrs. Will Johnson, her daughter-in-law, ran to her assistance and was seriously injured, and but for the timely arrival of her son, who killed the animal, would have been killed.

Commodore's Son Kills Self. Norristown, Pa., Nov. 17.—James E. Kitson, formerly one of the proprietors of the Kitson stock farm, near Chestnut Hill, Pa., and a son of Commodore Kitson of St. Paul, committed suicide by shooting himself with a rifle. Mr. Kitson did not appear at breakfast and when a search was made his body was found in his bedroom. Ill health is believed to have prompted him to take his life.

WOMAN'S KIDNEY TROUBLES

Lydia E. Pinkham's Vegetable Compound is Especially Successful in Curing this Fatal Woman's Disease.

Of all the diseases known with which the female organism is afflicted, kidney disease is the most fatal. In fact, unless early and correct treatment is applied, the weary patient seldom survives. Being fully aware of this, Mrs. Pinkham, early in her career, gave exhaustive study to the subject, and in producing her great remedy for woman's ill—Lydia E. Pinkham's Vegetable Compound—was careful to see that it contained the correct combination of herbs which was sure to control that fatal disease, woman's kidney troubles. The Vegetable Compound acts in harmony with the laws that govern the entire female system, and while there are many so called remedies for kidney troubles, Lydia E. Pinkham's Vegetable Compound is the only one especially prepared for women.

The following letters will show how marvellously successful it is:

Aug. 6, 1899. "DEAR MRS. PINKHAM:—I am failing very fast, since January have lost thirty-five or forty pounds. I have a yellow, muddy complexion, feel tired, and have bearing down pains. Menstrues have not appeared for three months; sometimes I am troubled with a white discharge, and I also have kidney and bladder trouble. I have been this way for a long time, and feel so miserable I thought I would write to you, and see if you could do me any good."—MISS EDNA FREDERICK, Troy, Ohio.

Sept. 10, 1899. "DEAR MRS. PINKHAM:—I have used Lydia E. Pinkham's Vegetable Compound according to directions, and can say I have not felt so well for years as I do at present. Before taking your medicine a more miserable person you never saw. I could not eat or sleep, and did not care to talk with any one. I did not enjoy life at all. Now, I feel so well I cannot be grateful enough for what you have done for me. You are surely a woman's friend. Thanking you a thousand times, I remain, Ever yours, MISS EDNA FREDERICK, Troy, Ohio.

"DEAR MRS. PINKHAM:—I have taken five bottles of Lydia E. Pinkham's Vegetable Compound and cannot praise it enough. I had headaches, leucorrhoea, falling of the womb, and kidney trouble. I also had a pain when standing or walking, and sometimes there seemed to be balls of fire in front of me, so that I could not see for about twenty minutes. Felt as tired in the morning when I got up as if I had had no sleep for two weeks. Had fainting spells, was down-hearted, and would cry."—MRS. BERTHA OBER, Second and Clayton Sts., Chester Pa.

"DEAR MRS. PINKHAM:—I cannot find language to express the terrible suffering I have had to endure. I had female trouble, also liver, stomach, kidney, and bladder trouble. I tried several doctors, also quite a number of patent medicines, and had despaired of ever getting well. At last I concluded to try Lydia E. Pinkham's Vegetable Compound, and now, thanks to your medicine, I am a well woman. I can not praise your medicine too highly for I know it will do all, and even more, than it is recommended to do. I tell every suffering woman about your Vegetable Compound, and urge them to try it and see for themselves what it will do."—MRS. MARY A. HIPLE, No. Manchester, Ind.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonials letters are not genuine, or were published before obtaining the writer's special permission. LYDIA E. PINKHAM MEDICINE CO.

BRIEF BITS OF COUNTY NEWS

ORFORDVILLE.

Orfordville, Nov. 16—Oscar Wee went to Chicago Monday morning to spend a few weeks with his uncle, Chas. Carlson and family.

Rev. Gulick's household goods have arrived. They will soon be settled in Mr. C. Gavey's home.

Miss Ruth Erickson of Hanover, is visiting friends in the village.

Messrs Henry Egan, Frank Rossiter and Alva Smiley started for the north last Tuesday. They have purchased land near Jeffris, in Lincoln county and will spend the winter there clearing the land. They took three car loads of stock and machinery. Frank Cleveland expects to join them in about a month. He will also take a car load of stock, etc., and spend the winter there.

Mr. Chas. Rote of Fortville, is sawing wood in the village.

Mrs. George Rossiter is still very sick.

Oscar Wee returned from his visit Monday evening.

Miss Julia and Nora Tollefson spent Thursday in Brodhead.

The frame is up for the new hotel barn. It will be a story and a half in height and 32x60 in dimensions. Work is also begun on the foundation for the new hotel.

Miss Florence Stetson has returned to Orfordville to take up her duties as teacher in the Haugen district this winter.

SIX CORNERS.

Six Corners, Nov. 16—Miss Nellie Killam closed a most successful term of school last Friday, with pleasing exercises by the little ones. Those perfect in attendance during the term were Louise and George Jennings, Ivan Rice, Grace Mullen, and Merrill Bingham. Miss Killam will teach the winter term also.

Miss L. E. Barnhart went to Harvard Tuesday to resume her duties as nurse in the hospital at that place.

J. A. McComb spent Saturday and Sunday at the home of his parents in Fort Atkinson.

FOR SALE BY F. S. WINSLOW

Rob's Confinement of its Pain

More children would be borne if the mother could be sure that the pains, worries and tribulations of gestation could be avoided.

"MOTHER'S FRIEND"

(that marvelous liniment) is unique in relieving and relaxing all the strained tendons and muscles, as well as the distended organs. There is nothing like it.

"It was so dry," "I have had six children and was always in labor from twenty-four to thirty hours. This time I used only one bottle of 'Mother's Friend' with my seventh child and was in labor only about four hours. 'Mother's Friend' is just what it is recommended to be. I will never be without it again."

Sold by all best druggists or sent by express prepaid on receipt of price, \$1.00 per bottle. Book, \$1.00. "Mother's Friend" is a liniment for women of all ages, mailed free.

POND'S EXTRACT

There is only ONE POND'S EXTRACT, and everybody knows its purity, strength and great medicinal value. Don't take the weak, watery Witch Hazel preparations represented to be "the same as" POND'S EXTRACT. They generally contain "wood alcohol," which irritates the skin, and, taken internally, is a deadly poison. Get genuine POND'S EXTRACT, sold ONLY in SEALED bottles, in BUFF wrappers.

WINE OF CARDUI

Woman Knows Woman.

ZURICH, KAN., Jan. 31. I used Wine of Cardui for nervousness and weakness in the womb. After taking one bottle I was well again. I am a midwife and always recommend Wine of Cardui to my lady friends during pregnancy and after birth as a tonic. Every lady who takes it finds that it does even more than is claimed for it.

MRS. V. M. BOISVERT.

Wine of Cardui

Nobody knows woman like woman. Men go to medical colleges, study books and listen to lectures. They learn indirectly of the diseases of women, but they are men and can never fully understand the ailments, the sufferings, the agonies of mothers, wives and sisters. A woman knows. Mrs. Boisvert knows. She has passed through the trials and tribulations of her sex. She has been near by when her sisters suffered. She has seen them relieved and cured with Wine of Cardui. Is it any wonder that thousands of other women recommend it? They know. They have actual experience to prompt them. They spread the tidings from mouth to mouth, telling how Wine of Cardui helps young girls, helps the weak of all ages, helps and cures all womanly ills.

Closing Out Sale.

Commencing Saturday morning and continuing until the stock is disposed of, we will sell all millinery, including hats, etc., regardless of cost. Van Pool & Williams, West Milwaukee street.

Strong's Debt Not Large.

New York, Nov. 17—The receivers' advisory committee in the W. L. Strong & Co. failure made the statement today that Mr. Smith had left outstanding at the time of his death not more than \$7,500 in promissory paper. The receiver gave out this statement regarding the notes for the purpose of removing the impression that the firm had failed for \$6,000,000, and also, he said, to contradict the story that Mr. Strong and Mr. Stott had been indorsing each other's notes.

To Report the Doves.

Philadelphia, Pa., Nov. 17—The board of inquiry which has been investigating the case of the twenty-five lace-workers alleged to have been brought to this country from Europe by Zionist Dowie in violation of the contract labor law, decided today that the men, women and children composing the party must return to their homes. The matter was once before decided against them, but the case was reopened upon an appeal.
